

## What's new with the club this year?

The biggest change is that we are going GREEN. Because of staffing shortages at the library, as well as to save some trees, we are asking that club members participate in the club online. We will make exceptions for any members who do not use a computer, upon request.

We will no longer be printing reading logs or certificates. We will, however, print out a certificate upon request, and we have some reading logs left over from last year. If you would like to request either of these, please contact Terry at (908) 788-1434 or [tedwards@hclibrary.us](mailto:tedwards@hclibrary.us)

We allowed pre-registration for the club so that members could be ready to go on Day 1.

We had some pre-summer blog activity, most notably our new column, "Just Jennifer," a pre-pub book review column. "Just Jennifer" will continue throughout the summer.

Thanks to the library's PR Committee, you now have faces to go with the names. Jennifer and Terry were caught on camera while they were reading in a tree. Their picture has appeared in *The Scoop*, *The Hunterdon County Democrat*, and *The Observer*.

We'd like to invite all club members to submit a picture of themselves reading in their favorite spots. We will post the pictures on a wall at the library(ies) of your choice, as well as on a webpage linked to our website. The photos will not include identifying information.
