

# Astronomical Hoaxes, Myths and Misconceptions

with John Andrews

John Andrews from the New Jersey Astronomical Association will present a history of astronomical oddities that have captured the press and led the populace deliberately or mistakenly down the wrong path of thinking.

The Jupiter Effect, Martian Canals, The Great Moon Hoax of 1835, The Apollo Moon Hoax, The Letter of Toledo, the War of the Worlds radio broadcast, the 2012 End of the World predictions to name but a few of what will be discussed during this program. Andrews has given several talks at the Library, covering such subjects as Dinosaurs in NJ and Fossil Hunting as well as his space programs.

## Saturday, February 20 at 2:00pm

at the North County Branch Library

65 Halstead Street, Clinton, NJ

**This program is FREE and open to the public.**

Reservations are required and can be made by calling (908) 730-6135
